

Dear Pastor,

During his ministry Jesus could have been busy 24/7 if he had allowed it. There were always people to teach and needs to be met. In spite of the many demands from the people around him Jesus regularly took time away to be renewed.

Our Ministers Council believes that it is important for those in ministry to follow his example by taking time away from the daily pressures we face to reconnect with God, to renew our spirits, and to continue our own growth. One of the ways we can do this is through our upcoming retreat to be held on/from (date and time) at (location). Our theme this year is (theme).

(Details – cost, speaker, discount for Council members, registration deadline, etc.)

This is a great time to get to know your colleagues better.
